

eBridge Software attains Gold Development Partner Status for Sage Business Management Division

eBridge Software, an established EDI, CRM, ecommerce and supply chain management integration developer, achieves 'Gold' status for top Sage ERP and Accounting brands

BURLINGTON, Ontario (February 25, 2009) – eBRIDGE Software (<http://www.ebridgesoft.com>), a long time Sage partner and leading provider of business software integration solutions for EDI, CRM, SCM and web store fronts, is pleased to announce that it is now a Sage Gold Development Partner for top brands offered by Sage's Business Management Division. In order to successfully complete the certification, eBridge Software and its products had to meet stringent integration, documentation and installation standards and testing. Also, as part of the Gold partnership process, numerous business partners and a host of clients were required to respond to a survey outlining the eBridge commitment to support, customer and product satisfaction. Having experience in developing integration solutions for the Sage product line since 1993 has allowed eBridge employees to build up a vast technical understanding and knowledge unsurpassed by its competitors. With over 1000 Sage customers and over 25,000 documents, eBridge has emerged as the leader in providing quality Sage integration solutions.

Unlike other integration providers, eBridge has an end-to-end solution for the small to mid-sized business. "Having Sage recognize our commitment to providing solid, scalable end-to-end integration solutions for small to mid-sized business is certainly a statement to our marketplace that we are knowledgeable, committed and forward-moving in the Sage market space," said Colin Brown, CEO of eBridge Software,"

eBridge boasts a wide range of integration to and from over 35+ accounting packages. In the case of Sage, eBridge integrates with the following products:

- Peachtree by Sage, Sage Pro ERP, Sage Accpac ERP, Sage BusinessVision Accounting, Sage SalesLogix, SageCRM, Sage MAS 90 and MAS 200 ERP, Sage MAS 500 ERP, Sage PFW ERP, Sage BusinessWorks Accounting

All other brands, product names, logos, company names, and trademarks are the properties of their respective owners.

About Sage's BMD Development Partner Program

The BMD (Business Management Division) Development Partner Program is designed to help ISVs (Independent Software Vendors) successfully develop, test and market applications that enhance and extend the functionality of Sage's BMD solutions. The program provides extensive development resources, technical services; strategic product and marketing benefits that help maximize Development Partner revenue opportunities.
